

Question				Marking details	Marks available					
					AO1	AO2	AO3	Total	Maths	Prac
7/2	(a)	(i)		amino acids	1			1		
		(ii)		<u>small</u> intestine/ duodenum/ ileum	1			1		
	(b)	(i)		<u>protease</u> is required (for protein digestion)			1	1		1
		(ii)		contains protease (1) must be acidic/at pH 2/low pH (1)			2	2		2
		(iii)		{protease/enzyme} is <u>protein</u>	1			1		
		(iv)		<u>only</u> protease digests protein / lipase {digests/ breaks down} {fat/ lipids} / lipase does not digest protein (1) reference to active site/ protein does not fit the lipase active site/ no enzyme substrate complexes can form (1)		2		2		
		(v)		temperature	1			1		1
