

Question				Marking details	Marks available					
					AO1	AO2	AO3	Total	Maths	Prac
2.	(a)			6 points plotted correctly to within <1 small square division (2) 5 points plotted correctly to within <1 small square division (1) 4 or less points plotted correctly to within <1 small square division (0) Straight line of best fit from plotted points (1) N.B. doesn't need to extend to the x-axis		3		3	3	3
	(b)	(i)		10 ± 1 [cm] Don't accept 0		1		1	1	1
		(ii)	I	16 ± 1 [cm]		1		1	1	1
			II	6 [cm] ecf i.e. difference between previous 2 answers Don't accept negative answer		1		1	1	1
		(iii)		Substitution: $\frac{3}{6}$ ecf (1) Spring constant = 0.5 [N/cm] (1)	1	1		2	2	2
		(iv)		Stays the same		1		1	1	1
