

9. (a) What is meant by the term selectively permeable membrane? [1]

.....

.....

Visking tubing can be used as a model of the cell membrane.

The diagram below shows a section of Visking tubing working in the same way as a selectively permeable membrane.

Use the diagram above and your own knowledge to answer the following:

(b) (i) State the process by which molecules could pass through the Visking tubing. [1]

.....

(ii) Identify which molecules pass through the Visking tubing. Explain your answer. [2]

.....

.....

.....

(c) Students were instructed to set up the following apparatus.

The appearance of the apparatus after 15 minutes is shown below.

(i) Explain why the colour of the contents inside the Visking tubing turned blue black. [3]

.....

.....

.....
