

2. The diagram below shows a food web.

(a) (i) State the source of energy for the food web. [1]

(ii) State **one** way in which energy can be lost from the food web. [1]

(b) Circle *true* or *false* in the table for each of the following statements about this food web. [3]

	Statement		
1	Moths and voles are first stage consumers.	true	false
2	Owls are third stage consumers.	true	false
3	Small birds are both third stage and second stage consumers.	true	false
4	Weasels and spiders are second stage consumers.	true	false
5	The oak tree is the only producer.	true	false

(c) (i) Complete the flow diagram below to show **one food chain** from the food web. [1]

(ii) **Draw a pyramid of biomass** to represent this food chain, in the space below.
Label each level in the pyramid with the name of the organism. [2]
