

9. The drawing shows the lining of part of the digestive system.

(a) Name the part of the digestive system that has this lining. [1]

(b) If the surface area of a single villus is 5 mm^2 , calculate the total surface area of all the villi shown. Assume that all the villi are complete and include a unit in your answer. [1]

Total surface area =

unit =

(c) State **two** functions carried out in this part of the digestive system. [2]

Function 1.

Function 2.
