

Question	Marking details	Marks available					
		AO1	AO2	AO3	Total	Maths	Prac
7	Indicative content: A: Cell division • Mitosis • DNA mass doubles, then halves/ returns to same content • one cell cycle is within 24 hours B: DNA mass • DNA replication occurs during interphase • Causing DNA to double • After interphase DNA mass remains constant • After interphase DNA present as chromosomes/ 2 chromatids • Mass DNA halves at telophase/ cytokinesis • when nuclear membrane reforms C: Cell mass • Interphase: mass of cell increases • As does cell size • Mass of cell continues to increase • due to replication of DNA / organelles • and possibly due to formation of spindle fibres • cell undergoes cytokinesis and mass of cell halves	4	5	0	9	0	0

			7-9 marks Indicative content of this level Correct identification of mitosis with explanation Detailed explanation of changes in DNA mass Detailed explanation of changes in cell mass <i>The candidate constructs an articulate, integrated account, correctly linking relevant points, such as those in the indicative content, which shows sequential reasoning. The answer fully addresses the question with no irrelevant inclusions or significant omissions. The candidate uses scientific conventions and vocabulary appropriately and accurately.</i> 4-6 marks Indicative content of this level Correct identification of mitosis possibly with explanation Either explanation of changes in DNA mass Or explanation of changes in cell mass <i>The candidate constructs an account correctly linking some relevant points, such as those in the indicative content, showing some reasoning. The answer addresses the question with some omissions. The candidate usually uses scientific conventions and vocabulary appropriately and accurately.</i> 1-3 marks Indicative content of this level Either Correct identification of mitosis possibly with explanation or brief explanation of changes in DNA mass Or Brief explanation of changes in cell mass

			<i>The candidate makes some relevant points, such as those in the indicative content, showing limited reasoning. The answer addresses the question with significant omissions. The candidate has limited use of scientific conventions and vocabulary.</i> 0 marks <i>The candidate does not make any attempt or give a relevant answer worthy of credit.</i>
