

Question			Marking details	Marks Available					
				AO1	AO2	AO3	Total	Maths	Prac
6	(a)	(i)	<u>{Large/long/sharp/pointed/curved}</u> canines + {piercing/seizing/tearing/killing/ holding} (prey)		1		1		
		(ii)	<u>Diastema</u> + {manipulating food/owtte} OR <u>{interlocking/WM}</u> {molars/premolar} + {grinding/chewing} OR incisors + {slicing/cutting}		1		1		
	(b)		Duodenum mouth/buccal cavity stomach All correct = 2 marks 2 correct = 1 mark 1/0 correct = 0 marks	2			2		
	(c)		Any five (× 1) from: A. {shortening/blunting} of villi/ fewer <u>microvilli</u> (1) B. reduced SA (1) C. less {enzymes / named enzyme(s)} (1) D. so reduced {digestion / hydrolysis} (leading to weight loss)/ less absorption of {products of digestion/ named products}(1) E. more solutes in lumen / lower water potential in lumen (1) F. less water absorption / water moves from cells into lumen (leading to diarrhoea) (1)		1	4	5		
	(d)		A. Lowers Na ⁺ conc in epithelial cell / creates {conc/ diffusion} gradient for Na ⁺ (1) B. Na ⁺ and glucose enter (epithelial cell) by <u>{cotransport / facilitated diffusion}</u> (not active transport) (1) C. increases glucose conc in cell / creates {conc/diffusion} gradient for glucose (1) D. glucose {leaves epithelial cells/ enters blood} by <u>facilitated diffusion</u> (not active transport) (1)		4		4
