

Question				Marking details	Marks available					
					AO1	AO2	AO3	Total	Maths	Prac
5	(a)			Correct linear scale (1) Correct labelling x-axis = concentration of solution mol/dm³ (1) All plots correct = 2 marks 3/4 correct plots = 1 mark 0/1/2 correct plots = 0 marks Tolerance $\pm$ < 1 small square Accurate joining of points / line of best fit (1)	2	2 1		5	5	5
	(b)	(i)		Concentration of water higher outside/ORA (1) Water moves in (1) By osmosis (1) Through s.p.m. (1)	1	3		4		
		(ii)		Concentration from candidates graph; Accept 0.27-0.28 (1) Water lost from carrot cells is equal to water entering cells/No net movement of water (OWTTE) (1) No concentration gradient/Concentration inside and outside cells must be equal (1) Ecf			3	3		3
				Total for question 5	3	6	3	12	5	8
