

Question				Marking details	Marks available					
					AO1	AO2	AO3	Total	Maths	Prac
8	(a)	(i)		sodium bromide / NaBr (1) iodine / I ₂ (1)		2		2		2
		(ii)		bromine is more reactive than <u>iodine</u> / elements get less reactive down <u>Group 7</u> (1) so bromine displaces iodine / takes electrons from iodide / oxidises iodide (1)	2			2		2
	(b)			2Fe + 3Br ₂ → 2FeBr ₃ award (1) for correct product award (1) for balancing only if all formulae are correct		2		2	1	
	(c)	(i)		yellow precipitate	1			1		1
		(ii)		Ag ⁺ + I ⁻ → AgI award (1) for reactants award (1) for product		2		2
