

Question				Marking details	Marks available					
					AO1	AO2	AO3	Total	Maths	Prac
3	(a)	(i)		 both electrons must be transferred, both must go to the outer shells		1		1		
		(ii)		2,8 / (2,8)²⁺ (1) – / 1– (1) neutral answer –1		2		2		
	(b)	(i)		 must have shared pair and total of 8 electrons around both atoms ignore electrons in any inner shells drawn		1		1		
		(ii)		covalent (bonding) reference to simple molecular / sharing electrons is neutral	1
